<p>k9 Swim Center is not a veterinary clinic nor are the owners and staff veterinarians. The services provided are not medical procedures, but we do work under and with the co-operation and guidance of veterinarians. For dogs recovering from surgery or any other veterinary procedure, all diagnosis and treatment must be recommended, approved and monitored by a veterinarian. At no time will k9 Swim Center diagnose, recommend treatment methods and/or determine the health of your dog. Any consultation provided by k9 Swim Center is intended solely as a review of the referring veterinarian's recommendations.</p> <p>k9 Swim Center is not responsible for any injuries incurred while your dog(s) is at the facility or as a result of using the warm water pool. Dogs must be supervised by their owners/guardians at all times and kept on leash while inside and outside the building with the exception of the pool.</p>
